

## April 20-24 Geometry

Below are this week's geometry activities. All information can also be accessed in our Google Classroom. CPM has also provided open access to eBooks until the end of June.

I hope everyone is enjoying Chapter 8. I like working with shapes and discovering new things about them. This week we will continue to look at the areas of polygons and how they are related to scale factor. We will also use what we know about areas of polygons to find the area of a new shape (well, not new, but new to our work in this class!).

Day	Activity
Monday	<p>Zoom Chat 10:00am (will be recorded if you can't make it) – Learning Log Area of a Regular Polygon!</p> <p>*Add Area of Regular Polygon LL to page 42 of Learning Log!</p> <p>Complete problems in Section 8.2.2 (8-78 &amp; 8-79). Lesson video in google classroom.</p> <p>Submit a copy of problem <b>8-79</b> on google classroom. There is a google doc you just type in numbers from your tables, or send a completed copy back in your return to school folder.</p>
Tuesday	<p>Complete problems in Section 8.3.1 (8-90 &amp; 8-91). Lesson video in google classroom.</p> <p>Submit a copy of problem <b>8-90</b> on google classroom. There is a google doc you just type in numbers from your tables, or send a completed copy back in your return to school folder.</p>
Wednesday	<p>Complete problems in Section 8.3.2 (8-100, 8-101, 8-103). Lesson video in google classroom. There is a Math Notes box included in the lesson. Add this to you Learning Log (Page 43).</p> <p>Submit solutions <b>8-103</b> on google classroom, or send a completed copy back in your return to school folder.</p>

Thursday	<p>Zoom Chat 10:00am (will be recorded if you can't make it) –</p> <p>Today choose any three of the four problems in Section 8.3.3 . Lesson video in google classroom. Be sure to draw diagrams to help you with each problem you choose.</p> <p>Choose <b>one</b> of your four problems to submit on google classroom, or send a completed copy back in your return to school folder.</p>
Friday	<p>Catch Up and Question day. We have come to the end of Chapter 8. Monday we will begin our closure and review. Take today to make sure you have completed all work and asked any outstanding questions.</p>
