

Factors of Aid Checklist

After our class discussion, read the descriptions of the six countries asking for foreign aid. Arrange the facts you gather from the reading into the categories listed below. Each box should contain at least one piece of information.

Factors	Country 1	Country 2	Country 3	Country 4	Country 5	Country 6
Economic Need What is their financial situation?						
Type of Government What is their government like?						
Political Stability How stable is their government?						
Resources What resources does the country have?						
Population Describe the people of the country.						
Economic Potential What kind of potential does the country have?						
Friends? What sort of relationships do they have with other countries?						
Other important details (Be specific) (REQUIRED)						

Aid Distribution Worksheet

Create plan for distribution of **\$1.5 billion in foreign aid**. Include how much each country will receive, what it will be used for, and why you chose to fund this country. Aid does NOT need to be given to every country, but if no money is given there must still be reasoning given and what aid could be used for.
Foreignassistance.gov can offer ideas of what aid is given for and what things may cost.

Country	Amount	What should aid be used for?	Reasoning
Country 1 Amount Awarded Last year \$20 mil			
Country 2 Amount Awarded Last year \$450 mil			
Country 3 Amount Awarded Last year \$10 mil			
Country 4 Amount Awarded Last year \$600 mil			
Country 5 Amount Awarded Last year \$250 mil			
Country 6 Amount Awarded Last year \$150 mil
